AGENDA

Approval of minutes from our 10/22/15 meeting

Handicap parking Requests:

One space at #8 Harvard Street

After a discussion and speaking with residents representing the requestor, a MOTION was made, seconded and PASSED to APPROVE the request.

There is one other space currently on Harvard Street at #2. A handicapped ramp has recently needed to be built in the driveway, necessitating the need for a handicapped space. The sign can be placed on the utility pole closest to the driveway of #8

One space at #14 Madison Avenue

After a discussion and speaking to the requestor, a MOTION was made, seconded and PASSED to APPROVE the request.

There is currently one space on Madison Avenue, near the corner of Washington Street which was requested by the church. The sign can be placed at #14 Madison Avenue.

One space at #31 Granite Street

After a discussion and speaking to Councilor LeBlanc, who was speaking for the requestor, a MOTION was made, seconded and PASSED to APPROVE the request.

There currently are two spaces in the section of Granite Street between Washington and Summer Streets. (at #13 and #19) and one space in the section between Summer Street and Blynman Avenue (at #27). The TC and Councilor LeBlanc will investigate to see if the space at #19 (which is in the ordinance but has no sign) is still needed or can be deleted.

As always, the requestors are informed that handicapped spaces are not personal and can be used by anyone with a valid handicapped permit.

ORDER #CC2015-041 (Councilor Stewart) **ORDERED** that the GCO Sec. 22-270 “Parking prohibited at all times”, be amended by **ADDING** the following:

“Washington Street, southerly side, from its intersection with Tucker Street in an easterly direction to Andrews Street.”

After a discussion, a MOTION was made, seconded and PASSED to APPROVE the order.

That section of Washington Street is possibly the narrowest of the street's entire length.

The meeting was adjourned at 6:22 p.m.
