• Ordinances & Administration – September 20, 2021

1. CC#2021-017 (McCarthy/Cox/Memhard): (McCarthy/Cox/Memhard): Request a management audit of the Legal Department and the Human Resources Department pursuant to City Charter Sec. 7-12 “Management Audits” subsections (a) through (d)

COMMITTEE RECOMMENDATION: On a motion by Councilor LeBlanc, seconded by Councilor O’Hara, the Ordinances & Administration Committee voted by ROLL CALL 3 in favor, 0 opposed, to recommend that the City Council approve a management audit of the Legal Department and the Human Resources Department pursuant to City Charter Sec. 7-12 “Management Audits” subsections (a) through (d).

Summary of Discussion: Councilor Gilman stated this topic was brought up in a collaborative manner with the Administration during budget season and added that she would be supporting this matter. Councilor LeBlanc stated he would support this matter due to the Budget & Finance Committee’s recommendation. He

then explained that a management audit was different than a financial audit and stated the management audit looked at the working parts of each individual department.

Councilor Holmgren asked why a management audit was not being carried out for all departments if a financial comprehensive review was done during budget season. She then asked why the management audits were not being held over to next budget season. **Councilor McCarthy** stated the initial request for a management audit was submitted in February. He added management audits fell under the domain of the City Council (not the Administration, as was previously incorrectly conveyed to the B&F Committee) and that the City Charter required all departments to have a management audit performed every eight years; he added that the funds had been set aside during budget season to perform these particular audits. He explained that the B&F Committee made a recommendation due to deficiencies in one department to cover another department and added that his hope was that the next City Council followed the City Charter in performing management audits of all City departments in the same fashion. **Councilor Memhard** added this matter was highlighted and requested as part of the budget process due to a concern regarding transfer of funds between two departments which had previously not been reviewed or approved by the B&F Committee. **Councilor Memhard** thanked **Councilor McCarthy** for his research in reviewing the City Charter and clarifying that the City Council was in fact responsible for initiating management audits. **Councilor Nolan** reiterated that it was the City Council's duty to perform due diligence and to follow the City Charter on these matters.

MOTION: On a motion by Councilor Nolan seconded by Councilor O'Hara, the City Council voted by ROLL CALL 8 in favor, 0 opposed, 1 (Cox) absent, to approve a management audit of the Legal Department and the Human Resources Department pursuant to City Charter Sec. 7-12 "Management Audits" subsections (a) through (d).

• **Planning & Development – September 22, 2021**

1. *Special Event Permit Application: Request for street closures for the Magtober Harvest Festival on October 10, 2021*

COMMITTEE RECOMMENDATION: On a motion by Councilor Holmgren, seconded by Councilor Pett, the Planning & Development Committee voted by ROLL CALL 3 in favor, 0 opposed, to permit a street closure on October 10, 2021, for the Magtober Harvest Festival during the hours of 10:00 a.m. – 6:00 p.m., which includes event setup and breakdown, with the following conditions:

1. Lexington Avenue is to be closed from Norman Avenue to Flume Road with appropriate signage posted at either end of Lexington Avenue advising motorists of alternative routes;
2. Applicant is to notify all abutters of the closed area of Lexington Avenue in advance of the event;
3. Lexington Avenue will be closed at 10:00 a.m. for event set up and reopen by 6:00 p.m.;
4. A Certificate of Insurance naming the City of Gloucester as Certificate Holder is to be on file with the City Clerk's office no later than October 1, 2021;
5. Applicant is responsible for providing adequate trash receptacles and for removal of same;
6. Due to the current situation, all vendors, except those excluded by state law, are to obtain City vending permits from the Office of the City Clerk 10 days prior to the start of the event;
7. Approval is based on the status of the current situation and is subject to change based on any stay at home orders, public park or beach closures, etc. as made by the State or the City.

Summary of Discussion: **Councilor Gilman** stated that the P&D Committee had reviewed the street closure for this matter and due to the applicant asking for a roped-off Biergarten with the sale of alcohol on a public street the matter was referred to full City Council.

Councilor Pett stated at P&D he requested that the applicant hire a police detail even if not required by the Licensing Board and added that email confirmation had since been received from the applicant that the police detail had been hired. **Councilor Nolan** stated that this event was being held in support of the Magnolia Library, which held City elections, blood drives, community events and disaster relief. He added that this event was not just held for the citizens of Magnolia, but for the whole City. **Councilor Holmgren** agreed with the comments of **Councilors Pett** and **Nolan**.

Councilor LeBlanc stated that the Magnolia Pub would possibly seek a license to host their own outside Biergarten and asked the **Chair of the Licensing Board, Melissa Prince** to explain. **Ms. Prince** explained that the Magnolia Pub had made an informal request to serve alcohol outside, as under their current license the Magnolia Pub was not currently able to serve outside. She stated the Magnolia Pub would need to appear before the Licensing Board to request an Extension of Premise for one day to serve alcohol outside. She added that one issue she foresaw was if the Magnolia Pub requested to sell alcohol on the public street as opposed to their current property (parking lot, for example). **Ms. Prince** further stated the City Council would need to approve alcohol being served on the street before the matter was to appear before the Licensing Board. She also added, as a point of information, that the 525 restaurant in Magnolia had a license to serve alcohol outside in their tented area as they had extended their permit through the COVID regulations.

There was discussion about what language should be included in an amendment to the main motion to include other establishments to serve at the event. The **City Clerk, Joanne Senos** explained that the Special Events Advisory Committee [SEAC] simply approved the event and location. She added that SEAC did not get involved with alcohol and Licensing Board matters, but added that SEAC was aware that alcohol would be served at the event. **Ms. Prince** stated the Licensing Board had a meeting scheduled for October 7, 2021, to accommodate the Notch Brewery request for this event. **Ms. Prince** wished to clarify with the **City Clerk** that that Magnolia Pub would not have to come before SEAC if the Magnolia Pub were to come before the Licensing Board for an Extension of Premise for one day to serve alcohol outside. The **City Clerk** confirmed that the Magnolia Pub would not have to appear before SEAC and further explained that street closures fell under the purview of the P&D Committee, who then had the option to recommend that the matter come before full City Council. **Ms. Prince** explained she wanted to make sure that City Council was aware that more than one vendor may sell alcohol on Lexington Avenue during the event. **Councilor LeBlanc** suggested that parameters be included in the Licensing Board approval(s). **Ms. Prince** agreed.

Councilor McCarthy added that once a street was shut down he believed it was not considered a public way anymore, as the verbiage in the statute stated “accessible to a motor vehicle by licensee or invitee”. **Ms. Prince** stated that it could be interpreted that way. She added that the barriers being considered for this event was rope and added that the ABCC [Alcoholic Beverages Control Commission] may say that rope as a barrier was not enough and explained that restaurants downtown, for instance, used hard barriers for separation in the public way. She stated that the Licensing Board may ask Notch Brewery to provide a different barrier other than rope. She added that the Licensing Board would perform a thorough inquiry of the public safety piece under the guidelines of the ABCC for outdoor patios and outdoor areas for sale of alcohol. **Councilor Pett** offered the use of 1500 feet of orange fence for the event that the Gloucester Fund has if needed.

Councilor Gilman offered an amendment by adding condition #8 to include waiving the drinking public ordinance for the sale of alcohol in a public street only for establishments accepted by the Licensing Board at their October 7th meeting.

The City Council voted by ROLL CALL 8 in favor, 0 opposed, 1 (Cox) absent, to suspend the Rules of Procedure to allow **Kiley Davis, co-applicant for the Magtober Harvest Festival** to speak.

Ms. Davis wished to clarify that there was never a plan to allow members of the public to walk the street with open containers of alcohol. She stated that the Biergarten was strategically placed at the end of the street

which was where the police detail would be located as another layer of control. She asked that other potential applicants not be allowed to request open alcoholic containers be allowed on the street as it would change the scope of the event. **Councilor LeBlanc** stated 525 already had a separate area and proper permitting to serve alcohol outside, but stated any other potential applicant would need to apply and would be held to the same guidelines with a separate area and police detail as well.

MOTION TO AMEND: On a motion by Councilor Gilman, seconded by Councilor Holmgren, the City Council voted by ROLL CALL 8 in favor, 0 opposed, 1 (Cox) absent, to AMEND the motion by adding condition #8 as follows:

8. **Waiving the drinking public ordinance for the sale of alcohol in a public street only for establishments accepted by the Licensing Board at their October 7, 2021, meeting.**

MOTION: On a motion by Councilor Gilman, seconded by Councilor Holmgren, the City Council voted by ROLL CALL 8 in favor, 0 opposed, 1 (Cox) absent, to permit a street closure on October 10, 2021, for the Magtober Harvest Festival during the hours of 10:00 a.m. – 6:00 p.m., which includes event setup and breakdown, with the following conditions:

1. **Lexington Avenue is to be closed from Norman Avenue to Flume Road with appropriate signage posted at either end of Lexington Avenue advising motorists of alternative routes;**
2. **Applicant is to notify all abutters of the closed area of Lexington Avenue in advance of the event;**
